DRAWING—ARCHITECTURAL and MECHANICAL.—As this is the season for young mechanics and others to apply themselves to the attainment of the greatest aid to the eminence in their various pursuits, viz:—a thorough knowledge of Geometrical Drawing.

We would call their attention to "Manifio's Text Book of Self-Instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; no young Mechanic such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not, he said, so far as principles and methods are concerned, any longer be a mere master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.—Price $1,25. Published and for sale by

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of numerables, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 5, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr. Corbet's!—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as remedial agents, and does not include any *Metallic Compound*.

But read what Druggists say, whose well known characters give full security to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

ANOTHER PHYSICIAN'S TESTIMONY.

Mr. Fowle—Dear Sir: I could send you a dozen certificates, *strong* and *decisive*, of the really *wonderful* effects of your *valuable Balsam of Wild Cherry*, within the past twelve months, under my own supervision and direction. Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. A *case of Asthma*, the *severest I ever saw*, to which I was called a month ago, evinced the *superiority of the Balsam*. This distress lasted six weeks, and the dyspepsia and suffering were *dreadful*; he sat up every night.—The gentleman told me to give him something to last him home, (21 miles,) *to* that he might see his wife and child, and die in peace! I gave him one bottle of the Balsam, and four ounces of syrup squills, directing him to take tea-spoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest. Next day I forced his despondent will, and *made him* take six bottles of *Wistar's Balsam of Wild Cherry* home with him *as a present*, he having alleged that he had used so much expensive medicine to no profit. Last week Mr. A. called and *expressed* his *gratitude* to me in the *warmest manner, said the medicine had saved his life*, paid his *whole* bill, and *took* six bottles more, and left my office for home, *rejoicing*.

Very respectfully yours,

EFFECTED BY DR. CORBETT'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

[From Sephronia W. Badger, wife of Stephen C. Badger, Esq., for many years Clerk of Court of Common Pleas, Merrimack County, N. H.]

"For a number of years past I have been afflicted with Salt Rheum, Dyspepsia, General Debility, and Scrofulous Affections. About fifteen months since, I commenced taking Corbett's Shakers' Sarsaparilla Syrup, and soon realized great benefit therefrom. It is the first medicine I ever found that permanently helped me, and I find that my health and strength are very much improved. I believe this an invaluable remedy for Scrofulous disorders, and most cordially recommend it to all who are afflicted as I have been. My general health is now good, and I attribute my recovery solely to the Shaker Syrup.

DR. CORBETT'S SYRUP OF SARSAPARILLA

EFFECTS WONDERS!

Read this remarkable case of JOHN DAVIS, *Sexton of Rev. Edward T. Taylor's Church, Boston.*

I, the undersigned, Sexton of the Church of that good man, Father Taylor, state the following facts, which I think should be told as a credit. I was born in Portugal, and am now forty years of age. My parents were healthy, and I was not afflicted by any disease until the year 1845. I was then residing in Boston. At that time my skin became subject to a humor, which at first appeared to me to abate myself and friends. Severe sores and abscesses broke out themselves; large sores are now deeply imprinted on my forehead and other parts of my body, and by their excoriation extended even into the bone. About twelve months since my affliction reached its rising.—I became weak, emaciated, and unable to perform the duties of life for my daily bread.—Failing of receiving any benefit from physicians who prescribed for me, I resorted to the use of various Sarsaparilla compounds, as advertised, but with no benefit. The able and distinguished surgeon and physician, James Ayer, M. D., Hanover street, who had watched my case, advised my using Corbett's Shaker Sarsaparilla.

I am happy now to state that my general health is fast improving, the scrofulous developments on my head, arms and face quietly passing away, and not until this moment have I had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering. JOHN DAVIS.

"THE AGE OF IMPROVEMENT."—One of the most important discoveries of the age, is ameliorating the condition of this huge class of suffering humanity, Consumptives, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, to doubt. A popularity of this sort fixes in society its roots so deep and strong, that time cannot destroy it. The *success* which has attended this medicine for several years past, has overcome the prejudices of all respecter title and sensible men, and the article has taken a stand among the first class discoveries and blessings of the age; and when resorted to in season, eradicates the diseases for which it is recommended.

Dr. H. Macauley, of Tarboro, North Carolina, writes us under date of February 11, 1847, that he has used Dr. Wistar's Balsam of Wild Cherry, in his practice the last eighteen months, and considers it the best preparation of the kind he ever saw, and knows of none so deserving the public confidence.

LETTER FROM PROF. WEBSTER'S DAUGHTER.—The following communication from a daughter of Prof. Webster, in reply to a letter addressed to her, has been handed us by a gentleman to whom it was directed with a request for its publication. Without comment we lay it before our readers.

CAMBRIDGE, April 8th, 1850.

DANIEL MARSH, ESQ.—SIR:—I this morning received the very kind letter you addressed to me, and which I hasten to answer to thank you in the name of my mother, my sisters, and myself, for the *true* sentiments you entertain respecting my beloved father. You believe him innocent, and you believe *what is true*, he is the victim of circumstances, a deeply injured man—that he is innocent, we his family *know*, and nothing on earth will ever take from us this conviction. We have never, from the moment he was snatched from his home, had a shadow of a doubt on our minds, and whatever the world may say or do we shall have that feeling to support us. The knowledge of his innocence supported my father during the hours of suffering in the Court room, and that it is that gives him and us calmness now, amidst the many sources of sorrow that have overwhelmed us.

Far different from what we anticipated, was the result of the trial, for we had been assured throughout the winter that our Father could not but be restored to us, and that at the trial, he must receive justice for the many wrongs that had been heaped upon him. But justice fled from the Court room, and prejudice took her place.

Yet hope still lingers with us, for we trust that the public voice will be raised against the gross injustice that has been committed, and will not allow our country to bear such a stigma on her name, such an everlasting stain, as will be that of the sacrifice of one so truly innocent as my father. And if one word from us, Sir, can add a feather's weight to the efforts that are being made, Oh, may we give you this deep assurance of our hearts, that we feel grateful for the interest that you express and feel, and for what you are doing in our behalf. May God in his infinite mercy look down upon you, and bless the efforts that are being made; and if it is not his will to bring the truth to light, and to allow this awful mystery to be explained, may he enlighten the minds of those in to whose hands the case will pass.

I must again thank you, Sir, for the kind feeling you express towards my dear father. Nothing that the world can do now gives us greater consolation, than the knowledge that others believed him innocent.—Sympathy has flowed abundantly from many hearts towards us, his family, but how much more prized by us is the trust our father—whose honor may be restored to us, is the fervent prayer of our hearts, and we wait tremblingly in the hope that those who are now to decide in this case may see the terrible injustice that has been committed, and has inflicted so much suffering on so many. Believe me, Sir,

Gratefully yours.

HARRIET W. WEBSTER.

LARGE COMPANY FOR CALIFORNIA.—We are informed by a gentleman from Burlington, Iowa, that on the 18th of March, a large company of California emigrants passed through that city, consisting of about 3000 men, from nearly all of the Western States. 200 men—mostly citizens of Burlington—joined the company at that place. They go the overland route through Oregon, and expect to reach the "diggings" in about three months. The teams that belonged to the party, numbered 1000. The men are mostly middle aged men, and most of them have families.

About a year since, quite a Company of men left Burlington, and vicinity, and went to California in search of the "dust," and this spring all returned in excellent health, richly remunerated for their adventurous enterprise. Their good fortune created among their neighbors and friends quite a "gold fever," which is only to be abated by a visit to the "promised land" after a tedious voyage of 3 or 4 months over the Rocky Mountains.—*Rochester Adv. Tuesday.*

THE FLORIDA INDIANS.—The Savannah Republican of the 8th inst. has private advices from Tampa to the effect that a steamboat has lately left that port for Manitee, there to receive a considerable body of Indians that were assembled for the purpose of emigration. It is supposed that this new emigration will influence favorably the Indians remaining in Florida—among them the party of Sam Jones, said to have gone to the Big Cypress Swamp.

BEHIND THE AGE.—Among all her seaward-looking cliffs Spain *has not a single light house*, from the Pyrenees to Point Europe; She has no railroads, no canals, no telegraphs; and till recently there has been no safety for travellers on the highways.

NOT SO SIMPLE.—Mr. Parmenter asks, very indignantly, if the bells before Congress are not counterfeit, why there should be such difficulty in passing them!

NEWPORT.

BY CRANSTON & NORMAN,

127 THAMES STREET.

TUESDAY MORNING, APRIL 16, 1850.

BE WIDE AWAKE!

About any honest employment Providence throws in your way. Keep at it—heartily and earnestly at it. Don't slack up and be languid. Hold on. We will give you a dish of capital reasons and a variety of them.

1. That is the way to be happy. "I have lived," said Dr. Adam Clarke, "long enough to know that the great secret of human happiness is this: never suffer your energies to stagnate. The old adage of 'too many irons in the fire,' conveys an untruth. You cannot have too many—poker, tongs and all—keep them all going."

2. That is the way to accomplish a vast deal in a short life. The late Wm. Hazlitt remarked, 'There is room enough in human life to crowd almost every art and science into it. The more we do, the more we can do; the more busy we are, the more leisure we have.'

3. That is the way to be contented.—The unemployed are always restless and uneasy. Occupation quiets the mind by giving it something to do. Idleness makes it, like an empty stomach, uneasy. The mate of a ship, having put everything to rights, called on the captain for what next should be done. 'Tell them to scour the anchor,' was the reply, on the principle that occupation, however needless, saves from the discontent of idleness.

4. That is the way to keep out of bad company. He will *rove* who has not rest for his mind in some occupation. And roving, he will fall in with other rovers.—They are birds of a feather. And, as gathered burning brands augment the flame and heat, so do gathered rovers and loafers and idlers augment the taste and activity of each other's minds for evil doing.

5. That is the way to disappoint Satan. He comes up to the idler with assurance of a victim; from the well occupied he departs as a roaring lion robbed of his prey. The one welcomes, the other repulses him.

6. That is the way to pay due respect to counsel from the highest of all counsellors: "Diligent in business," says the Divine Record! Do something therefore—the right thing—do it—keep on doing it. Be wide awake about it.

☞ SERIOUS ACCIDENT.—An accident occurred about four miles from town on Saturday morning last, by which Richard Parker, seriously fractured his skull. He was returning from Clark's beach on horseback, by some means he was thrown from the horse and struck his forehead against a pile of sharp stone by the side of the road; the accident happened about 9 o'clock A. M., and he was not discovered until 11 o'clock, having remained two hours in that condition, when his father was sent for.—His friends yesterday entertained some hopes of his recovery.

☞ By the schooner Nicholas Hazzard, which arrived here yesterday afternoon, reports the sloop Rienzi lying high and dry on a point, about three miles this side of Stonington. The schooner passed by about 2 o'clock yesterday afternoon; the boat belonging to the Rienzi was also on shore, and men were seen on board the Sloop and on shore; she must have went ashore on Sunday night. We understand she has on board Goods to the amount of $10,000 for this place. Messrs. Newton Brothers despatched a sloop to her assistance, last night.

The trunk of Mr. J. W. Demarest was recently broken open at Panama, and robbed of specie and valuables to the amount of $10,000. It was supposed that the thieves left in one of the steamers recently arrived from the Isthmus, and intelligence to that effect forwarded to New York.—With this clue officer Smith, of that city, commenced a search, and in less than twenty-four hours succeeded in arresting the rogues, one in New York and the other in Philadelphia. Nearly all the stolen property was recovered.

THE WEBSTER TRIAL.—One of the Boston papers observes:—We understand that Attorney General Clifford is preparing a reply to the strictures made in other cities upon the manner in which the trial of Professor Webster was conducted.

HENRY CLAY'S BIRTHDAY.—Yesterday being the seventy-third birthday of Henry Clay, the friends of that eminent statesman celebrated it at Niblo's last night, by a magnificent banquet, at which a very large number of persons were present. The dinner was served in Niblo's best style, and the utmost hilarity prevailed; we understand Nicholas Dean, Jun., was President. Letters were read from Gen. Taylor, Henry Clay, Fillmore, Van Buren, &c., and addresses were delivered by the Hon. Mr. Cooper, of Pa., the Hon. Jas. Brooks, Mr. W. H. Cranston, of Rhode Island, Mr. Tomlinson, and several others. The pleasures of the meeting were continued until after midnight.—*N. Y. Minor.*

MR. EDITOR:

Absurdity is not more deserving of respect, when it conceals its shallowness under pompous language, Electro-Biology is merely animal magnetism reproduced under a new name. Of the numerous cases of animal magnetism exhibited in this country and in Europe, the known power of imagination, in some instances, and wilful imposture in others, are sufficient to account for all the apparent effects. But in order to show that the advocates of clairvoyance cannot prove that their doctrine is true, I offer to wager $200 against $50, that I will write a single English word, in capital letters, not less than one quarter of an inch in length, of the form of printed characters, and that no person in the "magnetic state," or in any other condition, can read the word, while it is held before his eyes, and behind the palm of my hand. I am satisfied that no magnetizer would be willing to make trial of his pretended art, under these conditions.

PROVIDENCE CONFERENCE.—The Providence Conference of the Methodist Episcopal Church, closed its session in Providence on Wednesday the 10th inst., to meet again April 2d, 1851, in Warren, R. I. The following are most of the principal appointments in this vicinity.

New Bedford.—Elm street, R. M. Hatfield. Fourth street, Moses Chase.—Pleasant street, John Hubart. Kempton street, Charles Noble. *Fairhaven.*—Centre street, Samuel Brown, North Fairhaven, J. B. Weeks. *Wareham.*—H. W. Houghton. *Taunton.*—Paul Townsend.—Whittenton, Lewis Bates. *North Dighton.*—W. H. Richards. *North Bridgewater.*—J. E. Gifford. *Somerset.*—Charles Hammond, South Somerset, Jas. M. Worcester.—*Westport Point.*—Charles S. Hazzid.—*Little Compton.*—Ebhu Grant. *Fall River.*—Daniel Wise and E. T. Fletcher.—*Newport.*—A. U. Swinston. *Providence.*—Chesnut street, T. G. Carver, Power street H. G. Atwater. 3d Church D. Patten, Jr. *Nantucket.*—Centre street, J. B. Husted. Fair street, Ebenezer Blake. *Edgartown.* Charles H. Titus. *Holmes Hole.*—M. G. Talbot. *Provincetown.*—Centre Chapel, P. T. Kenny, Wesley Chapel, A. B. Wheeler. *Pawtucket.*—William Cone.

NAVAL.—The U. S. revenue bark Polk left her anchorage abreast of Jersey city, Friday, at 12 A. M. for San Francisco.—The following is a list of her officers: H. D. Hunter, Captain; John McGowan, C. W. Bennett, 1st Lieutenants, Wm. C. Pease, 1st Lieutenant and acting Master; K. S. Woodward. John Carson, 2d Lieutenants; W. B. Richmond, W. A. Tennison, [illegible], G. H. Ritchie, 3d Lieuts; C. H. Rockwell, Purser; Samuel Chester, Surgeon.

CAMEL TRAIN FOR CALIFORNIA.—It is said that Sands and Howes, the circus proprietors, are about to establish a line of camel trains from Independence, Mo. direct to San Francisco.

It is also said that a company is formed for establishing a line of post coaches between the same points, to run through in twenty-four days. The company *only* ask of the government a strip of land one hundred feet in width for the entire distance, and the exclusive use of the road for fifteen years.

A SCELAR DISCOVERY.—The Cincinnati Commercial says there has lately been dug up, some fourteen feet below the surface of the earth, and more than fifty above high water mark, in the garden of Captain G. W. Cutter, an elephant's tusk, which time and the action of the elements have reduced to a substance resembling chalk; it crumbled when taken out of the earth, but a portion of it entire, more than twenty inches long, is in the possession of the proprietor of this place, just above the mouth of Licking, opposite. The whole animal is probably in the bank. If this proves to be a real elephant's tusk, which every evidence now tends to do, it will prove a singular zoological fact, that elephants did once belong to this country.

SUIT FOR LIBEL.—Messrs. Howland & Aspinwall have commenced a suit for libel against the New Orleans True Delta, based on an article attacking them for overloading the steamer Georgia, which steamer they have no control of. The Georgia, it will be recollected, carried 1,200 passengers from Havana to Chagres, and there were many complaints, it is said among them.

☞ The Anti-Renters have again commenced their resistance to the collection of rent at Taghkanic, Columbia County, N. Y. The Sheriff was obliged to retire, but is determined to go back with force sufficient to carry the laws into execution.

☞ The U. S. ship Ohio, from the Pacific, sailed from Rio Janeiro on the 28th of February for Boston.

THE PEACH CROP.—The peach buds along the water courses in the interior of Pennsylvania are very generally destroyed but in neighborhoods have suffered no great injury.

COLD BLOODED MURDER.—Colebrook village (Ct.) was thrown into a state of feverish excitement on Sunday morning by the announcement that Barnard White, a gentleman seventy years of age, had been murdered in his bed the night previous.—Mr. White lived one mile from the village on the turnpike road to Hartford and tended the toll-gate. He attended a School Meeting with neighbors on Saturday evening, and returned from it about 11 o'clock. This was the last that is known of him, until he was discovered about 8 o'clock Sunday morning murdered in his bed.—The murderer entered at the usual place of entering the house, and killed the old man by giving him several terrible blows on the head with a club, killing him in all probability instantly; the club was left on the floor by the bed-side. There can be no cause assigned for this cold blooded affair, except money, of which the old man was known to have a considerable amount.—*Hartford Times.*

WILSON THE VOCALIST.—A movement is on foot on the part of the friends of the late John Wilson, the Scotch vocalist, to erect a monumental tablet to his memory in the new cemetery, at Quebec, where his remains are interred. Small committees have been formed in London, Edinburg, Glasgow, and the larger British cities, in New York, Montreal, Quebec, Kingston, &c. The highest subscriptions asked for is ten shillings, and of course smaller sums are received.

DEATH OF THE CLERK OF THE HOUSE OF REPRESENTATIVES.—*Washington, Saturday, April 13.*—Mr. Campbell, the Clerk of the House of Representatives, of whose serious illness you have previously had an account, died this morning at one o'clock.

NEW YORK, Sunday evening.

The weather is very cold, with a high wind. There is no news afloat worth telegraphing. In the case of Stephen W. Foster, of Boston, indicated for forgery, the jury did not agree, and he was discharged.

The remains of Mr. Campbell, late Clerk of the House of Representatives, were to leave Washington to-day for Tennessee.

VERILY, THIS IS THE AGE OF HUMBUG!

TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.

HOW easy it is, and still more silly, for a person to sit down and write an advertisement praising every or any article that they may happen to have to sell, and running down that of their neighbors, which they know to be quite as good as their own, and, in many cases, better. But such is characteristic of the age we live in. But the public has been so gossed-up of late, with these flaming, bombastic advertisements, that they now know just what weight to attach to them. We believe that advertising, when not abused, to be a benefit to all; but, like many other things, it must be overdone with

Gas! Gas!! Gas!!!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest, if any Oils or Fluids now used, for producing a brilliant light:

Burning Fluid,	70 cts. per gall.
Pine Oil,	70 " "
Camphene,	60 " "
Phosgene,	70 " "
Patent Fluid,	70 " "
Williams's Pine Oil,	60 " "
Double Pine Oil,	60 " "

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils and Fluids, from the largest Manufacturers in the country, and we defy all competition in prices or quality. We expect that others have as good an article as ours, but we know that none have a better or a cheaper. Never, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

Also, Lamps of every description, for burning the above, for which, I am Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical Light, to give us a call, and they will find us ever ready to fulfil our promises to the letter.

HENRY H. YOUNG,

Mar13 Park Saloon.

IMPORTANT TO CONSUMERS OF PINE OIL, PATENT FLUID, AND PHOSGENE.

HAVING first introduced the above in this community, we are enabled, by early arrangements with the Patentees and Manufacturers, to supply such only as can be warranted genuine and of the first quality. We have on hand and for sale in any quantity, the following articles for producing *cheap light*:—

1st. The genuine PINE OIL, for tube Lamps, for the sale of which, we are Sole Agents for this place; the best Oil in use, being clean and pure, and more durable than any of the Oils or Fluids. Mr. GEO. B. KNOWLES is authorized to sell the above.

2d. THE DOUBLE PINE OIL—a colourless liquid of great strength—an excellent substitute for Camphene, giving more light, and is also *cleaner*, and *cheaper*.

3d. PORTER'S FLUID—the genuine kind—furnished to us by Mr. P. himself, the original Patentee; perfectly pure, colorless and safe.

4th. PHOSGENE GAS, producing an even and unvarying light of great beauty, resembling the gas of the cities.

All of the above, we warrant fully, and are ready to refund the money if they do not prove as warranted.

A great variety of Lamps on hand, for sale *cheap*. Solar, Argand, Astral and common tube Oil Lamps, altered to burn the above; prices ranging from 12 1-2 cts., up along.

REMOVAL—DRY GOODS.

CARR & BROWN, would respectfully inform the Ladies of Newport and vicinity, that they have removed from No. 2 Swinburne's Block, to the Store No. 140 Thames street, next South of Messrs. B. H. Newport, April 1, 1850. apr4 6w

FACTS TO BE REMEMBERED.

CONSUMERS of PATENT OIL, PINE OIL, BURNING FLUID and CAMPHENE, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons—

1st. Because we always have on hand and are daily selling, large quantities of the only PATENT OIL for tube Lamps, that is sold in Newport—, for the sale of which, we are the only *Agent*, and which is, beyond all doubt, the best article for Family use ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from grease, smoke or smell, and will not congeal or explode, and is sold at 70 cts. per gallon.

2d. THE PINE OIL and BURNING FLUID furnished us by the largest and most extensive Manufacturers in New York and Boston, enable me to *warrant* it as being *pure* and *genuine*. Every one speaks of it in the most flattering manner, as being a cheap and clean light, and is sold at 70 cts. per gallon; and the Pine Oil, for burning in William's Parlor Lamps, for 60 cts. per gallon.

3d. Though last not least of all, comes RIDER'S DOUBLE REFINED CAMPHENE, which is acknowledged by all, to be the best and cheapest article for light. It has stood the test of this community for the last six years, notwithstanding the many attempts to crush it, by introducing an inferior article from New York and Boston. The superior advantage ours has over *foreign* Camphene is, that we distill it fresh twice a week, and consequently it will not smoke or crust the wick, like an article bought from abroad. Thus, we furnish the public with an article from which they can obtain any quantity of Light, (equal to City Gas,) at one-third of the expense, at the same time safe, clean, and free from smoke or smell.—All the above are FACTS, for which we hold ourselves responsible to the letter, or we forfeit our trade, our reputation, and our sacred HONOR.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Wicking, Tubes, Cans, &c., &c.; and, in fact, we keep POSTED, close up, in every particular respecting the Cheap Light system. Therefore, we say to every one that desires a brilliant and economical Light, to call on the subscriber before purchasing elsewhere.

KENTISH & CO'S PREPARED GUANO.

THIS is not an adulteration of the imported Guano, as many suppose, but a compound of eight permanent and well known Fertilizers; decomposed Bone Dust being a component part. It is the production of the closest philosophical research, in the science of Agriculture, aided by practical tests, and not only contains the fertilizing properties of Guano, but in the preparation every nutritive and fertilizing principle that vegetation requires is combined, and, therefore, it supplies every plant with that specific nutriment which it individually needs, and it is so combined, that the Ammonia and other fertilizing gases are absorbed, fixed, and are given out to vegetation only as it requires them. No rot, mildew, worm, fly, nor other insects, can approach it; an important consideration to farmers generally. For Green-house Plants, Flowers, Vines, Wall Fruit, &c., it has no equal. Asparagus, Radishes, Cucumbers, &c., massed with the prepared Guano, will be earlier than by any other fertilizer known. It has received the strongest approbation of the Farmers' Club of New York, and of the Agricultural papers generally throughout the country, but the best recommendation, *is the fact*, that those who have used it for the last two or three years, have largely increased their orders for it the present one, and while it contains all the fertilizing properties of the imported Guano, it is afforded for less than half the price, and taking into consideration labor, is the cheapest manure used.

PEOPLE'S MUTUAL FIRE INSURANCE COMPANY,

WORCESTER, MASS.

THIS Company commenced operations in May, 1847, and has received so liberal a patronage, that it has obtained a permanent character for prudent management, not surpassed by any Company in the Commonwealth, taking so great a variety of safe risks.

The Directors feel justified in recommending this Institution to the favorable consideration of the public, pledging themselves that every effort shall be made on their part, to continue its prosperity, and furnish such a security against loss by fire, as shall remove all anxiety on the part of those insured.

They have an Agent for the State of Rhode Island, who is thoroughly acquainted with the principles of Insurance. They also employ a General Agent, whose duty it is to examine and inquire into the nature of the risks taken, and when there is any defect in the building or carelessness on the part of the Insured, to report the same to the Board of Directors.

They effect Insurance on all kinds of Buildings, except those of an extra hazardous character.—Also, upon Neat Stock, Hay and Grain, Household Furniture, Provisions, Wearing Apparel, Libraries and Merchandise generally, and also upon all kinds of Manufactured Articles and Stock in the process of Manufacture, excepting Stock in Cotton, Woolen and Paper Mills, or property alike hazardous, for any term of time not exceeding five years.

Their Rates of Premium are established upon a basis sufficiently guarded to avoid all Assessments. The Dividends have averaged 50 per cent on all Policies that have expired in this Company, and it is believed that still larger dividends will be made in future.

DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA.

ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of the city, and are no Druggists or Physicians. The advertisement was got up by a set of unprincipled men under the name of Thompson, Skillman & Co., who hired an old man by the name of Jacob Townsend, last ——, to put up a stuff which they endeavor to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $200,000, and the popularity of the name of his medicine, to sell theirs. This advertisement signed by these shopkeepers, and got up in the name by Thompson, Skillman & Co., would lead people to believe that our Sarsaparilla were, &c., which is false. These men have not, to our knowledge ever purchased any Sarsaparilla of us, and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of these men has been in the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but if they sell any Sarsaparilla for the original and genuine Dr. Townsen P's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsen P's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

Below will be found the cards of three of the first wholesale druggists in the city. These three have purchased $30,000 worth of Dr. S. P. Townsend within the last four years. We have sold it by the hundred dozen to many others—we keep it through all sections in South America, New Orleans, Havana, &c. and these charges that our Sarsaparilla sours and ferments is as foul as their oth,er libels.

Read the following:

NEW YORK, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla. It is an article that commands an unprecedented sale, and so far as we know, gives universal satisfaction. It does not ferment and break the bottles or has been alleged.

NORTON & BABCOCK,
No. 180 Maiden Lane and 99 Fletcher street.

NEW YORK, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fermenting or souring.

THOMAS W. CUMMING,
Wholesale Druggist, 178 Greenwich street.

NEW YORK, May 21, 1849.

This is to certify that we have purchased over ten thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The medicine is very popular and has become an article of commerce. We find no trouble with its souring or fermenting.

BOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of Pulmonary Consumption—and, indubitable cases even of the last stage—such cases as are given up by Physicians, as incurable—such cases as we should say ourself could never be cured by anything—cases we never before cured by any or medicine. So utterly worthless have all other remedies proved to be, as to have by universal consent, been relegated to the actual, even to the very last moment, when it was said would be of no avail. Even these cases, when they were found to be reached by this Balsam, have been cured by it, as well and nearly as they ever were.

By cases we mean all the cases of chronic and ruinous diseases of the throat, lungs, and breast, and spreading the most of any compeers in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles I found it done me great good, and I called to see you at your office. With your advice I kept on, and no most heartily thank you for your advice. I persevered in taking the Sarsaparilla and have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

WONDERFUL CURE.

Her blood was like water, could not speak, bled at the Lungs, severe pain in the Chest and about the Heart, raising to the Throat. Read the advertisement, and doubt if you can that Consumption is incurable:

NEW YORK, Dec. 14, 1847.

DR. S. P. TOWNSEND—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to this I was very ill, and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and persevere in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Yours respectfully,
EMMA SUMNER, 70 Walker street.

Dr. CHRISTIE'S GALVANIC BELT

AND

This cure was effected on Mrs. ZIBA DYKEMAN, of Bullston Spa, Saratoga County, N. Y. We can prove, by Bullston Spa, Saratoga County, N. Y. We can prove, by several of the most respectable citizens, almost equally hopeless, and as bad as the worst cases of Dropsy and Consumption CURED, which were pronounced incurable by REGULAR PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, of Hinsdale, Hillsdale county, Mich., under the date of January, 1849, writes as follows: "I have been in the regular practice of medicine in this place for nine years, and am confined to quit the practice of my profession in consequence of ill health. I was told very positively by two physicians of the first respectability, that I had the CONSUMPTION, in the first stage, and that I must die. One gentleman in particular, who is an Eclectic Doctor of the highest standing, told me that I had the CONSUMPTION, in the first degree, and that I must die. I complied and used the remedies prescribed by the above physicians, and all the time I was getting worse and worse, and had several hemorrhages of the lungs, and almost lost my life. I tried the remedies prescribed by the most skilful of the profession, and all to no effect, excepting the relief which I received by your Sarsaparilla, which I purchased of you. I was prejudiced against your medicines, and by your advice, I was induced to take BRANT'S INDIAN PULMONARY BALSAM, and I feel it my duty to say to you, that I have taken but one bottle of BRANT'S INDIAN PULMONARY BALSAM, and one vial of your Liver Pills, which has done me more good than all the other medicines that I have taken. From the benefit these persons have derived from what I had and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now sending to medicine; and as there is no agent in this town, they have requested me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, Collier Corners, Bear Co., N. Y., January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, & BRANT'S PECTORINE INDIAN PULMONARY BALSAM, & BRANT'S PECTORINE have done for me what the Doctors could not do. I was troubled with a cough, for which I employed the best physicians around me, but got no relief. I was finally induced to try your medicines, and have found relief from the first bottle. I have recommended them to others, and they have found relief. I have recommended them to others, and they have found relief.

C. C. C. HAZARD, Agent.

CONSUMPTION.

A DYING WOMAN CURED!

We state CAUTION, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the patient is considered by physicians and friends to be in the last stages of disease—hardly worth a trial, in this case, we would say, it is the speediest and most effectual remedy ever brought to the notice of the afflicted, and the very readiest and unfailing proof of all the circumstances set forth, we refer to our PAMPHLETS.

This case was effected on Mrs. ZIBA DYKEMAN, of Bullston Spa, Saratoga County, N. Y. We can prove, by several of the most respectable citizens, almost equally hopeless, and as bad as the worst cases of Dropsy and Consumption CURED, which were pronounced incurable by REGULAR PHYSICIANS.

RAISED FROM THE GRAVE.

Messrs PRATT & FOSTER, merchants, of West Cornwall, Conn., say that BRANT'S BALSAM had effected cures of such hopeless cases of Consumption in their town, that many no other remedy could be used. Doctors had said of some that they could not live, and others that they must die. One gentleman, in particular, was so far gone, that his physician told him he was unable to take any more medicine. He died, however, after using six bottles of BRANT'S BALSAM—two bottle more than the doctor said he must take.

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, Clyde, Wayne county, N. Y., writes to informs us that BRANT'S PULMONARY BALSAM is sold by Mr. Clyde, and adds "If the astounding cures of some of our most respectable people, and persons well known throughout the country, could be published, very few would be incredulous, and the sale of your medicine would be immense. Several of wife in Lancaster county, Pa., were given up hopelessly sick as to be carried from their beds to the carriage, and after using BRANT'S PULMONARY BALSAM, were restored to perfect health, and are living witnesses of the facts, and BRANT'S BALSAM has restored them to perfect health."

LUNGS BLED—MUST DIE!

Mr. D. S. TERRY, merchant, Dyer, Chautauque county, N. Y., writes, August 13, 1849, that BRANT'S MEDICINE is doing wonders. Among the cures is a case of Consumption, in the last stage, which had been given up by the doctors, and was past all hope. When the Consumption, which had been given up by the doctors, and was past all hope. When the Consumption, which had been given up by the doctors, and was past all hope. When the Consumption
